Quick change clamp adapter for DOGA BA 25R & BA 40R

BA 40R Series are equipped with a rotating articulation enabling a high working flexibility. Swivelling and folding up like a human arm, they are recommended for spaceless working places.

- • Optimum ratio performance/dimensions (ideal for spaceless location)
- • Economical and versatile : possibility to use on the same arm every kind of tools (straight, pistol, angle drivers) thanks to the large choice of clamps.
- • Higher comfort for the operator thanks to the articulated arm (less movement inertia and better positionning accuracy).
